	Walking and Cycling	km	Walking Time	Cycling Time	Description
1	Lock 7, Ballyduff to Aghoo Bridge	8	1:35	0:35	Starting at the chunky stone lock of Ballyduff, this linear walking trail sweeps around through forest and farmland and by a golf course with the water at your side. It's a gorgeously quiet scenic route that shimmers with the electric green of the lush surrounding landscape in the summer, and offers a mix of forest, navy-coloured water and sweeping farmland. Crossing through the village of Ballinamore, the route continues on towards the 19th century bridge at Aghoo.
