This document contains guidance on
  1. The Event Programme
  2. The Application Process
  3. The Evaluation Process
  4. How to accept the Offer
  5. How to claim the support after the event

For the purposes of the support material and Event application form, Event is used to describe any water-based or waterside event, competition, etc.

Section 1 The Event Programme

The Waterways Ireland Events Programme aims to promote the sustained use of the waterways under our remit by supporting events on the basis of:

- Potential of the Event to introduce new users to the waterways in an active capacity, i.e. not just as spectators;
- Encouraging cross-border participation;
- The event Location and the nature of the Event;
- An even distribution of Events across all activities and all waterways;
Applications are particularly welcome which include participants from some of the groups listed; people of different ages, political opinion, race, religious belief, gender, marital status, sexual orientation, people with dependents, people with a disability, and members of the traveller community.

Our Corporate Goals focus on growing activity along the waterway corridors. The theme of the 2017 Events Programme is to fulfil that goal and will support activity on our waterways that is ongoing in nature. That is events with sustainable participation that lead to people engaging in water-based activity in the longer term.

New criteria have been introduced to assess how events can grow sustainable or ongoing participation:

- Greater consideration will be given to events that demonstrate how they would increase participation in long term sustainable waterway related activities;
- Events must demonstrate how they will promote Waterways Ireland;
- Applicants applying for the same type of event (or where there is limited change in the event programme) over a period of years should note that any funding awarded, will be on a reducing scale.

In addition

- The maximum allocation of funding towards an event will be €10,000 (or the equivalent in Sterling);
- Applications will be accepted from individuals, public, private or voluntary sector organisations/businesses or legally constituted clubs/associations. (That is; a group that has a legal structure). For some groups this means they will require a constitution and officers (who make the application) and have a bank account into which any funds awarded will be paid. If setting up an association or club and unsure of what format to adopt, please contact the following bodies...
- This Programme supports activity on waterways under the remit of Waterways Ireland. These are:
  - Barrow Navigation
  - Erne System
  - Lower Bann Navigation
  - Grand Canal
  - Royal Canal
  - Shannon Navigation
  - Shannon-Erne Waterway

- Event organisers should follow the guidance in relation to dealing with children and vulnerable adults provided by various state departments in the appropriate jurisdictions for example, “Protection of Children and Vulnerable Adults (NI) Order (2003)”, available from the Department of Health, Social
Services and Public Safety in Northern Ireland; or “Children First - National Guidelines for the Protection and Welfare of Children” and “Our Duty to Care – the Principles of Good Practice for the Protection of Children and Young People” available from the Office of the Minister for Children and Youth Affairs in the Republic of Ireland.

Photography
Any photographs taken at the Event by or on behalf of Waterways Ireland or provided by the Event Organisers may be used in Waterways Ireland publications, website or social media. Events which include people aged under 16 must seek the written permission of parents/guardians to take photographs.

Equality of Access
Waterways Ireland Equality Scheme provides equality of access to the waterways. There should be equal access for people to participate in the Event regardless of their:

- Age
- Dependents
- Disability
- Gender
- Marital Status
- Political Opinion
- Race
- Religious Belief
- Sexual Orientation
- Member of the Traveller Community

The application form should show how the organisers intend to ensure that no groups are excluded.

Cross Border Participation
Waterways Ireland promotes cross-border participation in events on the waterways i.e. involvement of competitors/spectators from Northern Ireland and the Republic of Ireland at the same Event.

Marketing Plan
Applicants must provide details of how the event will be promoted, how the event will showcase the inland waterways as a recreational amenity and evidence of how Waterways Ireland will be promoted as part of the event.
